

Mission 2 Mission

Mission 2 Mission exists to connect our local Table community with the broader community of God by supporting organizations who are aligned with The Table's values of sharing God's love and message of reconciliation. We seek to build relationships with them through prayer, financial support, and regular engagement, and in doing so, we hope to help The Table community to see God at work in other places and bolster our collective learning.

Our commitment is to support each of the following individuals or organizations for one year, and then to review our support before either continuing our commitment or beginning a new relationship with another individual or organization.

When deciding on who we will support, we look at the following criteria:

- Does it reflect the [constitution](#) of the Table Missionary Society, e.g. communicate the gospel of Jesus Christ, bless neighbours in word and deed, further the Kingdom of God?
- Does it already involve the people from the Table Church, either through active participation in the mission, prayer, relationship and/or financial support? If not, are there opportunities for the Table community to become involved?
- Does it need support and how does it meet its financial needs currently?
- Is it associated with a registered Canadian charity?
- Is there someone at the Table who would be willing to promote this mission and it's needs on a quarterly basis to the Table community and act as a liaison between the mission and the Table Church?

If you are interested in missions and/or would like to talk to someone about Mission 2 Mission – contact Michelle Hardy at michelle@tablechurch.ca.
