**ABUNDANT GRACE OF  
GOD MATERNITY CENTER,  
PHILIPPINES**

- That patients would experience God's love through midwifery care.
- For wisdom and increased levels of trust as clinic staff navigate culturally challenging situations with patients.
- For resolution and peace in the nearby tribal conflict.
- For financial provision for the clinic as operating costs continue to increase.

**STREET HOPE  
VICTORIA**

- That the Good News of Jesus would spread and grow among the people living on and around Pandora.
- That His healing and transformation would be known and seen in all aspects of life among this community.
- That relationships would grow and strengthen among of our team and the people we encounter.

**ALAN THORIMBERT,  
INTERVARSITY  
CHRISTIAN FELLOWSHIP**

- That students on UVic and Camosun campuses would meet and encounter Jesus.
- For our many events this coming year, that they would be tools to build relationships and trust.
- For IVCF staff and student leaders, that they would balance their commitments well, and find creative ways to connect with students.
